Fast is well known as communist author since 1930s. He was regular columnist on "Daily Worker," east coast communist newspaper until June, 1936, when he discontinued this position due to discontent with Stalinism. In August, 1956, he broke with Communist Party indicating he could no longer submit to communist discipline. He has publicly denounced communism as it exists today. His defection from CP has received publicity in "The New York Times" on several occasions during past months and he was recently interviewed on Dave Garroway's television program.

of New York in 1940 or 1941. It was his recollection that HAMBURGER was this individual's name and that he had some clerical position at that time which he believed was with the United States government, agency unknown. SAVITT stated that he became acquainted with HAMBURGER at the College of the City of New York and that both of them were members of "The Arts and Crafts Club" which used to meet on Grand Street in New York City. SAVITT stated that he did not recall the exact address. He advised that this was a social club organized in the interests of following hobbies such as photography. He stated that insofar as he knew it had no political implications. SAVITT stated that he was no longer in communication with MARTY HAMBURGER and that he last heard of him several years ago as a resident of Cleveland, Ohio. He stated that it was his recollection that HAMBURGER was in Cleveland taking some type of training in Hospital Administration.

According to SAVITT, HAMBURGER during the time he knew him was a resident of the east side of New York City. His parents and a younger brother also resided at the same address.

SAVITT advised that one individual in New York City who was acquainted with both he and HAMBURGER and had some knowledge of the Arts and Crafts Club was LOU GELLER, a leader at Madison House, a settlement house at Madison and Jefferson Streets in New York City.

SHIRLEY (Mrs. MORRIS) SAVITT was interviewed by Special Agents DALTON L. MAYO and ALEXANDER L. GUCKER at her home, 38 Hanes Street, Westmere, Albany, New York, on March 22, 1951

Mrs. SAVITT stated that she had never been a member of the Communist Party and that to her knowledge her husband had likewise never been a member. She claimed that she had never met anyone who identified himself or who was identified by others as being a member of the Communist Party. In that connection, Mrs. SAVITT remarked that "one does not identify himself as a Communist when one meets people".

Mrs. SAVITT stated that MARTY HAMBURGER was a member of the "Arts and Crafts Club" which had a meeting room on Grand Street, whose exact address she could not remember. She explained that this was a social group for the promotion of such hobbies as photography and that dances were periodically held by the club. Mrs. SAVITT advised that she had met NATHAN SUSSMAN only casually while walking.

JULIUS ROSENBERG but he believed that SUSSMAN probably was graduated from City College one year prior to the graduation of ROSENBERG.

GREENGLASS advised that he first knew of SUSSMAN in connection with JULIUS ROSENBERG in about 1938 and that SUSSMAN was in periodic contact with ROSENBERG as recently as 1947. He advised that he last saw SUSSMAN in about 1947 and on this occasion he saw SUSSMAN at ROSENBERG's home.

GREENGLASS advised that SUSSMAN worked on the Servo Systems on automatic machine tools before the war and that he is an electrical engineer. He also stated that JULIUS ROSENBERG regards SUSSMAN highly as an accomplished engineer.

GREENGLASS advised that he believes that SUSSMAN might passively pass information to JULIUS ROSENBERG but he did not believe him to be an aggressive spy.

It is to be noted that an authorized complaint charging JULIUS ROSENBERG with conspiracy to commit espionage was filed with the Honorable EDWARD McDONALD on July 17, 1950. JULIUS ROSENBERG was arrested by Agents of the New York office and on August 17, 1950, ROSENBERG and his wife, ETHEL, were indicted by the United States Grand Jury in the Southern District of New York on a charge of conspiracy to commit espionage.

According to the records of the United States Civil Service Commission on file in Washington, D.C., JULIUS ROSENBERG submitted an application dated January 23, 1940, for the position of Junior Professional Assistant. On page 3 of this application in answer to question 20, which reads "Give the names and home and business addresses of five persons...now living in the United States who have knowledge of your character, experience and ability," ROSENBERG listed among others NATHAN SUSSMAN, 275 Broome Street, New York City.

Records of the Selective Service System, New York City, reflect that NATHAN SUSSMAN registered for Selective Service in 1940 and listed his home address as 275 Broome Street, New York City.

Records of the Board of Health, New York County, reflect that NATHAN SUSSMAN was born May 5, 1918, at New York City and his parents are ABRAHAM SUSSMAN and JENNIE WEITCHNER, both of whom were born in Austria.

NY 65-15399

Records of the Selective Service system reflect that NATHAN SUSSMAN moved to 43-09 47th Avenue, Queens, New York, on February 1, 1944. o/s

It is to be noted that in addition to NATHAN SUSSMAN and GERTRUDE SUSSMAN, the same Informant advised that the following individuals were also transferred from the Industrial Division, Branch 16B, at approximately the same time: JULIUS ROSENBERG, AL SARANT and JOEL BARR.

ALFRED SARANT was born September 16, 1918, in New York City, according to the Bureau of Vital Statistics in New York. He attended Cooper Union from 1936 to 1941 and was graduated with a B.E.E. Degree. o/s

He is currently engaged in a general contracting business at Ithaca, New York. He has advised Agents of the Albany and New York Offices that he was a member of the Greenwich Village Club of the Communist Party in New York City during 1943 and 1944. He also admits that while attending Cooper Union he became interested in the Communist movement through the American Student Union and he went from this into the Communist Party.

The Communist Party and the American Student Union have been declared by the Attorney General to be within the purview of Executive Order 9835.

JOEL BARR, according to the Bureau of Vital Statistics, Kings County, New York, was born January 1, 1916, in Brooklyn, New York. He attended the College of the City of New York from February, 1934, to June, 1938, and received a B.E.E. Degree.

JOEL BARR was last known to be at Villa Regine, 16 Rue de la Retouse, Seine, France, in June, 1950, allegedly for the purpose of studying music.

DAVID GREENGLASS has stated that JULIUS ROSENBERG has told him that JOEL BARR is a Soviet espionage agent.

Confidential Informant T-4, of known reliability, advised on September 17, 1944, that NATHAN SUSSMAN, 43-09 47th Avenue, Queens, New York, was a member of the Thompson Hill Club of the Communist Political Association in Queens County, New York. o/s

Confidential Informant T-5, of known reliability, advised on March 3, 1947, that NATHAN SUSSMAN, 43-09 47th Avenue, Queens, New York, and GERTRUDE

NY 65-15399

SUSSMAN of the same address were members of the Sunnyside Section of the Communist Party in Queens in 1946. o/s

On August 24, 1950, MAX ELITCHER during an interview at the New York Office advised that he had known NATHAN SUSSMAN at the College of the City of New York. He advised that at that time SUSSMAN was considered a "leftist" and ELITCHER advised that SUSSMAN was a member of the FAECT. ELITCHER advised that he has not seen SUSSMAN since they were in school at City College.

Concerning ~~MAX ELITCHER~~, the records of the Department of Health, New York City, reflect that he was born on September 1, 1918, in New York City.

The records of the College of the City of New York reflect that ELITCHER attended this college from 1934 until June of 1938 and graduated with a Degree of B.E.E. ELITCHER is employed at the present time at the Reeves Instrument Corporation, 215 East 91st Street, New York City, as an engineer. He is married to HELENE ELITCHER and resides in his own home at 164-18 72nd Avenue, Flushing, New York.

On January 24, 1950, ELITCHER admitted orally that he had been a member of the Communist Party from sometime in 1939 until about the summer of 1948 in the Navy Department cell of the Communist Party in Washington, D.C.

ELITCHER on July 20, 1950, admitted in a signed statement that JULIUS ROSENBERG had contacted him in the summer of 1944 and had attempted to recruit him into Soviet espionage work. ELITCHER stated that he never furnished information about his work to ROSENBERG but said his association with ROSENBERG continued until approximately May of 1948.

Concerning the FAECT, BENJAMIN ~~STOLBERG~~ on page 151 of his book "The Story of the CIO" states the following: "Only four CIO unions are under complete control of Stalinist officials. They are the Federation of Architects, Engineers, Chemists and Technicians..." 9/5

The following information regarding the FAECT appears on pages 264 and 265 of the above-mentioned book by Mr. STOLBERG: "The FAECT was organized in 1934 mainly from the technical staffs in the Works Progress Administration. From the very beginning the Federation has been under Stalinists leadership and its rank and file are chiefly Communist Party followers."

SUBJECT: MORRIS SAVITT, Wa.

SECURITY MATTER - C
Bu file 100-338754

Enclosed is the report of SA DALTON L. MAYO dated August 7, at Albany.

Reference is made to bulet dated 4/13/51 in this matter with a cc to New York. Referenced letter instructed New York to furnish Albany all other information available concerning [REDACTED]

The Bureau letter further instructed Albany to submit a report summarizing all pertinent information which should include information concerning recent activities of the subject. Inasmuch as the enclosed report includes all the information known concerning SAVITT since his location in the Albany Division, it is believed that no purpose would be served to include all the information known on this individual in a report at this time unless the Bureau desires a summary report. It is noted that the report of SA JOHN G. MCCARTHY dated 7/9/51, sets forth all of the activity subject engaged in while in NYC in so far as is known to the New York Office.

Based on the information contained in the enclosed report and in the above mentioned New York report, and in particular, the subject's association with JULIUS and ETHEL ROSENBERG, NATHAN SOSSMAN, and others, the Albany Division is requesting a Security Index card on SAVITT and form FD-122 is enclosed.

RE: RESPONSIBILITY OF THE FBI, *Declassify on: OADR*
IN THE INTERNAL SECURITY FIELD *3-18-80*

Bureau authority is hereby requested to make available certain information hereinafter set out concerning the subject to the Commissioner of Public Works, BERTRAM D. TALLAMY. My reason for selecting Commissioner TALLAMY is that he is the Administrative Head of the Department in which the subject is employed. It will be recalled that SAVITT is employed as an electrical engineer in the NYS Department of Public Works at Albany, N. Y. It is further noted that the NYS Department of Public Works is not on the vital facilities list, however, as the name indicates, it is an important function in the state government of New York. *(u)*

I have selected Commissioner TALLAMY in preference to Governor Dewey as the Governor is on a world-wide tour and his return to duty is unknown to the Albany Office. *(u)*

Commissioner TALLAMY has been in office since October 1, 1948 and the Albany indices are negative concerning this individual. The Albany Office has no reason to believe that Commissioner TALLAMY would not afford this information its proper attention and would not keep it in its confidential status. *(u)*

It should be noted by the Bureau that there is no information that is a matter of public record indicating CP activity on the part of SAVITT known to the Albany Office. *(u)*

Should the Bureau approve this contact, hereinafter follows the information I plan to make available to Commissioner TALLAMY:

It is to be noted that JULIUS and ETHEL ROSENBERG were convicted in Federal Court in New York City on March 29, 1951, for conspiracy to commit espionage. *(u)*

JULIUS ROSENBERG (convicted Soviet espionage agent). It was noted particularly that in a conversation which the informant claimed to have had with ROSENBERG on December 29, 1950, ROSENBERG expressed the belief that HARRY GOLD (self-confessed Soviet espionage agent recently convicted) was a counter-espionage agent and had always been one. After talking for some time about GOLD, ROSENBERG, according to the informant, then said, "I'm going to get a message directly to the chief about this and ask to have this entire matter investigated." Immediately after ROSENBERG made this statement, VAGO (OSCAR VAGO, recently indicted for perjury) asked, "Is still sick?" According to the informant, ROSENBERG then became furious and said, "Don't ask me questions like that". The informant noted that the name that VAGO used indicated by the blank in the above statement was pronounced like the name JIMMY except that in the place of the double "M" there should be a double "B". It would appear very possible, therefore, that VAGO may have used the name of GIBBY, which is the name commonly used by the subject. As pointed out above, Confidential Informant T-1 furnished information on December 29, 1950 to the effect that the subject was in fact sick at that time.

FREE LABOUR INSURANCE: SCOPE EXTENDED AND BENEFITS INCREASED

Peking, January 11 (NCNA) - The benefits of workers' insurance are now extended, since the beginning of this year, to all those engaged in work of capital construction in manufacturing, mining or transport enterprises and in state owned constructional companies. Revised labour insurance regulations, passed by the Government Administration Council on January 2, and published in yesterday's Peking People's Daily, bring these benefits to a rapidly growing number of workers involved in large scale reconstruction now under way in China.

The original regulations, which came into force on March 1, 1951, only applied to railways, shipping, post and telecommunication enterprises, and to factories and mines employing more than 100 workers. In enterprises not defined in the regulations, labour insurance arrangements are left to collective agreements.

Benefits increased

At the same time, the insurance benefits are now considerably raised in the revised regulations. The total expenditure to be borne by the management in labour insurance funds, for medical expenses and wages for workers on sick leave, or on childbirth leave, goes up by one fourth.

In both state and private enterprises governed by the regulations the managements have to pay into the labour insurance fund every month a sum equivalent to 3% of their total payroll. But in addition the medical expenses and wages for workers on sick or childbirth leave are borne directly by the managements, and are not drawn from labour insurance funds. No expenses of any sort for services covered by labour insurance regulations are borne by the workers.

Medical expenses for both occupational and non-occupational injuries or disease, for both manual or non-manual workers, are thus borne by the management or employer. The workers suffering from occupational injuries receive full pay during treatment and those suffering from non-occupational injuries or illness receive between 60% and 100% of their wages for 6 successive months (previously between 50% and 100% for three successive months only). After 6 months, they receive sickness benefit varying between 40% and 60% of their wages from the labour insurance funds (previously between 30% and 50% for three to six months and between 20% and 30% after 6 months). The revised regulations also provide that all injured or sick workers are entitled to resume their jobs after recovery.

Disability Pensions

Workers disabled as a result of their occupation are entitled to disability pensions, from the labour insurance funds, of between 60% and 75% of their wages in the case of full disability and between 10% and 30% (previously between 5% and 20% in the case of partial disability). In the case of full disability due to non-occupational reasons, disability pensions paid by insurance funds range from 40% to 50% (previously 20% to 30% of wages).

Childbirth leave

All women workers, manual or non-manual, are entitled to receive 8 weeks paid leave in normal cases of childbirth. The revised regulations now provide for two additional weeks in abnormal cases or in the case of twins. Medical expenses involved are borne by the management.

40,000 casualties" and "unless the Chinese forces were decisively crushed in a single grinding action, reaching this line would mean still not winning the war": fourth because it would shorten the lines of communications of the Korean and Chinese side and lengthen those of the Americans, "and - most seriously - the front here broadens to a width of 450 miles"; and fifth because it would "instantly raise diplomatic and military problems of the utmost intricacy. It could split the N.A.T.O. alliance wide open. And a diversion of more of our military resources to the Far East could affect dangerously, perhaps even fatally, the strategic deployment now designed for the defence of Western Europe."

"Little ground for optimism"

"History affords little ground for optimism that a Chinese capitulation could be easily forced," Murphy acknowledges gloomily. Murphy also dismisses the employing of Kuomintang bandit troops from Taiwan on the grounds that "their release would not materially improve the prospects of any grand continental operation. Their size is too small for sustained action". As for a naval blockade of China, he admits, "there is small opportunity for sea power to apply such a blockade system". On the other hand, an internal blockade "would call for a widespread air campaign" and this would call forth "little enthusiasm", referring indirectly to badly beaten and terror stricken U.S. air forces in Korea. Moreover, Murphy continues, "Even under the most favourable circumstances", such an "air campaign would necessarily bring about a considerable attrition of the strategic air force" of the U.S.A.

So after exploring five alternatives with no heartening discovery Murphy faintly hints at using the last card - the atom bomb. But "risks" of such a move, he says, "are awesome". At a moment when Eisenhower and his colleagues are frantically exploring schemes for prolonging and expanding the Korean war, this study of military possibilities conducted for the benefit of the U.S. President-elect, is not without significance.

19 CHRISTIAN MISSIONS DEMAND RELEASE OF THE ROSENBERGS

Hankow, January 11 (NCNA) - 19 Christian missions in Wuhan have joined in a public statement of protest against the U.S. Government's savagery in sentencing the Rosenbergs to death on a trumped up charge.

"This savage, mean action has shocked and angered members of all the Christian missions in Wuhan", states the message, "we firmly oppose and protest against this strangling of democracy and trampling on human rights by the reactionary U.S.A. Government."

Describing the frameup as an attempt to intimidate those who are fighting for progress, democracy and peace, the statement points out that it amounts to the "U.S. Government declaring democracy, freedom, human rights and peace as unlawful in the United States." "We Christians", the statement continues, "consider this fascist action of the U.S. Government as entirely contrary to justice and human rights."

"We demand that the Rosenbergs be released unconditionally, so that they can go back to their home and live in freedom. We proclaim we are at one with the American people who are defending peace and democracy and pledge our full support to them in their just striving to obtain the release of the Rosenbergs", the statement concludes.

PROTESTS AGAINST THE DEATH SENTENCES ON THE ROSENBERGS

Peking, January 10 (NCNA) - Five Japanese people's organisations jointly sent a protest to the U.S.A. President Truman, through the Ambassador to Japan, Robert Murphy, against the conviction of the Rosenbergs, and demanded their release, says a report from Tokyo. These organisations are the Congress of the Japanese Labour Federation, the National Relief Association of Japan, the Association in support of the Liberation of Korea, the Japanese Democratic Women's Association and the Japan Youth Fatherland Front.

"We really don't know how death sentences could be passed merely on the 'testimony' of a single person", the statement reads. "We demand the release of the Rosenbergs."

A campaign has also been started by the Miyagi branches of the National Relief Association of Japan to collect signatures urging Truman to reverse the death sentence on the Rosenbergs. The campaign is going on vigorously.

Akahata (Red Flag), the organ of the Japanese Communist Party, in an editorial characterised the Rosenberg case as an American Matsukawa frame up.

Fumio Moriya, noted economist, declared that this death sentence without evidence shows that the U.S. Government has destroyed the last vestige of democracy in that country. Prominent lawyers in Tokyo have also signed a protest against the outrageous and illegal conviction of the Rosenbergs.

PRISON DOORS OPENED FOR WAR CRIMINALS IN JAPAN

Peking, January 11 (NCNA) - The release of Japanese war criminals is now being aided by a board which was set up last September to let the criminals out on parole, states a message from Tokyo. Between September and January, 30 war criminals were released, with American sanction, from Sugamo prison.

On December 24, 1952, the Liberal Party submitted a bill in the Diet for the release on leave in advance of their time of the remaining top Japanese war criminals. It provides for the extension of the original "period of leave" of five years or longer period on "special grounds". According to this bill, as a Kyodo dispatch noted, criminals sentenced to life or long term imprisonment could be set free in the form of "release on leave."

MORALE OF ENEMY TROOPS SHAKEN BY VIETNAM PEOPLE'S VICTORIES

Peking, January 9 (NCNA) - The Vietnam People's Army victories have shaken the morale of enemy troops even in occupied areas, according to the Vietnam News Agency.

The anti-war movement is steadily growing among the European and African troops, especially among North Africans in areas still occupied by the enemy in North Vietnam. Puppet troop desertions have become a daily occurrence there.

On November 16, 14 North African troops at Kienam, who had been demanding repatriation, shot and killed a European officer. At Hadong, a European African group from Myduc and a European African motorcycle unit from Sontay crossed over in November to the Vietnam People's Army.

All the Moroccan officers and soldiers at Bi of the Tuky District of Haiduong Province, on November 11 last, surrendered to the People's Army after turning over all their arms and equipment to the people's guerrillas.

In the Hungyen Province, a number of African troops stationed at Nghialo - (a place with the same name as the position in Yenbay Province which was wiped out last October), after their demand for repatriation went unheeded, revolted and set fire to their posts. They poured gasoline on 19 buildings and set fire to them and destroyed quantities of military supplies.

Newark T-3 further advised that [REDACTED] b7D

Newark T-3 stated that in early 1952, subject intended to make a contribution to the "Committee to Secure Justice in the Rosenberg Case", Room 441, 246 5th Ave., New York City, but failed to enclose his check to DAVID ALMAN, Executive Secretary. This informant stated that subject was again solicited for a contribution to this committee in April, 1952, in order that a certified check for \$12,000 could be given to the Clerk of the Supreme Court before 5/1/52 to cover cost of printing an appeal brief. The informant was unable to advise if this contribution was made. W.Y.

It is noted that JULIUS and ETHEL ROSENBERG were convicted of violating the Espionage statute on behalf of the Soviet Union and sentenced to death.

Rerep of SA PAUL J. BLASCO dated September 29, 1951 at New York.

It is noted that the basis for this investigation was the statement made by DAVID GREENGLASS that during 1946 McNUTT, accompanied by RAYMOND LOPEZ, visited the G & R Engineering Company, NYC and spoke to JULIUS ROSENBERG concerning a business proposition whereby McNUTT and LOPEZ would be the G & R's engineering contact for exporting machinery to South America. GREENGLASS expressed the opinion that because of this business contact, RUSSELL McNUTT may be or may have been the espionage contact of ROSENBERG.

At this time and subsequent times GREENGLASS was unable to furnish any additional information concerning McNUTT nor was he able to elaborate on the degree of association between ROSENBERG and McNUTT.

This investigation reflected possible Communist affiliations on the part of McNUTT but did not disclose any espionage activity or any associations by McNUTT with espionage subjects other than the above-mentioned contact.

It is further noted that Assistant United States Attorney J. M. FOLEY, Southern District of New York, was of the opinion that it would be feasible to have McNUTT appear before the Federal Grand Jury, Southern District of New York because of McNUTT'S apparent past Communist affiliations.

After an unsuccessful attempt to serve the subpoena on McNUTT by the U.S. Marshal, AUSA FOLEY decided that it would be of no value to request McNUTT from South America to appear before the Federal Grand Jury inasmuch as no evidence has been developed disclosing espionage activities on the part of McNUTT.

For the foregoing reasons this case is being placed in a closed status. If additional information comes to the attention of the New York Office indicating espionage activity by McNUTT, this case will be reopened.

is noted that MANES was closely acquainted with ROSENBERG during the period 1934-1940 at both New York City and Washington, D.C.

During the course of this interview, MANES stated that during the year 1940 both JULIUS ROSENBERG and his wife, ETHEL, resided at a rooming house located at 1935 Biltmore Street, N.W., Washington, D.C., where MANES was also living. MANES further advised that during his conversations with the ROSENBERGS at this time, both JULIUS and ETHEL ROSENBERG mentioned on several occasions that they had spent a recent vacation at a farm owned by one WALDO McNUTT (phonetic). It was MANES' recollection that this farm was located someplace in New England and further that McNUTT, according to the ROSENBERGS, had been active in the American Students Union or some other "liberal" youth group. However, MANES was not able to recall any additional details.

On January 3, 1952, MANES was re-interviewed at the Pittsburgh Office by SA RICHARD D. COTTER at which time a photograph of the subject, RUSSELL ALTON McNUTT, was shown to him. However, MANES could not identify the subject as anyone he had ever known either through JULIUS ROSENBERG or otherwise, and he reiterated the fact that he had not personally met the WALDO McNUTT previously referred to by him but had only heard his name mentioned by the ROSENBERGS.

DETAILS:

This case is predicated upon information received from ~~DAVID GREENGLASS~~, self-admitted Soviet espionage agent.

On July 18, 1950, DAVID GREENGLASS informed SAS LEO H. FRUTKIN and JOHN W. LEWIS that during the summer of 1946 he saw one RUSSELL MC NUTT for the first time when MC NUTT visited the G and R Company, 300 East 2nd Street, New York City and spoke to JULIUS ROSENBERG. MC NUTT discussed a proposition with ROSENBERG and DAVID GREENGLASS whereby MC NUTT would be their contact for exporting machinery to South American countries. At that time, MC NUTT had a "partner" with him who was a little shorter than MC NUTT. This "partner" was a dark man who had gone to school with MC NUTT and had been born in Tampa, Florida of Spanish ancestry. JULIUS ROSENBERG told DAVID GREENGLASS that MC NUTT and MC NUTT'S "partner" were okay, meaning Communists. DAVID GREENGLASS was of the opinion that MC NUTT had gone to school with ROSENBERG.

MC NUTT and his "partner" visited the G and R Engineering Company a number of times while the export proposition was being planned. The "partner" through his knowledge of Spanish was to make the necessary business contacts in South America. The "partner" was to be paid by MC NUTT one half or one third of MC NUTT'S salary until the export business got going.

For reasons unknown to DAVID GREENGLASS, the export proposition never went into operation. DAVID GREENGLASS was of the opinion that MC NUTT, possibly accompanied by his "partner" left the United States for some South American country sometime afterwards. GREENGLASS stated that MC NUTT and possibly his "partner" are still in South America, the identity of the particular country being unknown to GREENGLASS. DAVID GREENGLASS

believed that RUSSELL MC NUTT is employed as a Civil Engineer in the South American country and earns approximately \$12,000.00 a year.

According to DAVID GREENGLASS, RUSSELL MC NUTT is married to a woman whose maiden name was DIAMOND. Sometime after MC NUTT had left the United States, MC NUTT'S brother-in-law, SIGMUND DIAMOND, told ROSENBERG and GREENGLASS that MC NUTT was coming back to the United States for a visit. This occurred about the summer of 1948 or 1949.

According to GREENGLASS, MC NUTT had been a principal in a land development proposition at Yorktown Heights in Westchester County, New York. MC NUTT sold shares in this development to ROSENBERG and DIAMOND. GREENGLASS believes that JULIUS ROSENBERG invested about \$5,000.00 in this development. GREENGLASS recalls that he once went to an architect's office near Columbus Circle and 59th Street in New York to make a payment of about \$1,000.00 on the shares in the land development proposition on behalf of ROSENBERG. GREENGLASS stated that this money was loaned to ROSENBERG by Mrs. REGINA FEIT (DAVID GREENGLASS' aunt).

DAVID GREENGLASS expressed the opinion that RUSSELL MC NUTT may be or may have been an espionage contact of JULIUS ROSENBERG.

It is to be noted that DAVID GREENGLASS was indicted by the Federal Grand Jury, Santa Fe, New Mexico, on July 6, 1950. This indictment charges him with a violation of Subsection (A), Section 32, Title 50, United States Code.

It is to be further noted that JULIUS ROSENBERG is presently confined at the Federal House of Detention, New York City under \$100,000.00 bond charged with violation under Title 50, United States Code, Section 34, which constitutes a conspiracy to violate Title 50, United States Code, Section 32, Subsection (A).

Referenced New York report reflected that JOHN E. WEBER, 50 Reservoir Avenue, Jersey City, New Jersey, had worked directly with the Subject at the KELLEX CORPORATION, New York City, and was believed to be in a position to furnish information concerning MC NUTT's activities at KELLEX and possibly know of MC NUTT's association with JULIUS ROSENBERG. 7-9/5

For the information of the Baltimore Office, the above-mentioned report reflected that DAVID GREENGLASS, admitted Soviet espionage agent, identified MC NUTT from a photograph displayed to him. GREENGLASS stated that MC NUTT is the individual who came to the G & R ENGINEERING COMPANY, 300 East 21st Street, New York City, sometime during 1946 and spoke with JULIUS ROSENBERG about using the G & R ENGINEERING COMPANY as an export business.

The following information regarding the Federation of Architects, Engineers, Chemists and Technicians appears on pages 264 and 265 of the above mentioned book by Mr. STOLBERG;

"The Federation of Architects, Engineers, Chemists and Technicians was organized in 1934 mainly from the technical staff in the Work Project Administration. From the very beginning the Federation has been under Stalinist leadership and its rank-and-file are chiefly Communist Party followers."

On July 18, 1950, DAVID GREENGLASS advised that during the summer of 1946 he saw one RUSSELL MC NUTT for the first time when MC NUTT visited the G & R Engineering Company, 300 East Second Street, New York City, and spoke to JULIUS ROSENBERG. MC NUTT discussed a proposition with ROSENBERG and DAVID GREENGLASS whereby MC NUTT would be their contact for exporting machinery to South American countries.

At that time MC NUTT had a "partner" with him who was a little shorter than MC NUTT. This "partner" was a dark man who GREENGLASS believed had gone to school with MC NUTT and had been born in Tampa, Florida, of Spanish ancestry. ROSENBERG told GREENGLASS that MC NUTT and his "partner" were o.k., meaning Communists.

MC NUTT and his "partner" visited the G & R Engineering Company a number of times while the export proposition was being planned. The "partner" through his knowledge of Spanish was to make the necessary business contacts in South America. The "partner" was to be paid by MC NUTT one half or one third of MC NUTT'S salary until the export business got going.

For reasons unknown to GREENGLASS the export business never went into operation. GREENGLASS was of the opinion that MC NUTT possibly accompanied by his "partner" left the United States for some South American country some time afterwards. GREENGLASS stated that MC NUTT and possibly his "partner" are still in South America, the identity of the particular country being unknown to GREENGLASS. GREENGLASS believed that MC NUTT is employed as a civil engineer in a South American country and earns approximately \$12,000 a year.

NY 100-80896

According to GREENGLASS, MC NUTT is married to a woman whose maiden name was DIAMOND. Sometime after MC NUTT left the United States MC NUTT'S brother-in-law, SIGMUND DIAMOND, told ROSENBERG and GREENGLASS that MC NUTT was coming back to the United States for a visit. This occurred about the summer of 1948 or 1949.

According to GREENGLASS, MC NUTT had been a principal in a land development proposition at Yorktown Heights in Westchester County, New York. MC NUTT sold shares in this development to ROSENBERG and DIAMOND. GREENGLASS believes that ROSENBERG invested \$5,000 in this development. GREENGLASS recalls that he once went to an architect's office near Columbus Circle and 59th Street, New York City, to make a payment of about \$1,000 on the shares in the land development proposition on behalf of ROSENBERG. GREENGLASS stated that this money was loaned to ROSENBERG by Mrs. REGINA FEIT (DAVID GREENGLASS'S aunt).

GREENGLASS expressed the opinion that RUSSELL MC NUTT may be or may have been an espionage contact of JULIUS ROSENBERG.

It is noted that JULIUS ROSENBERG has been convicted for conspiracy to commit espionage on behalf of the Soviet Government and during April, 1951, was given the death sentence. DAVID GREENGLASS entered a plea of guilty and during April, 1951, was given a sentence of 15 years.

The individual described by GREENGLASS as a "partner" of MC NUTT at the time of contacting ROSENBERG in New York City during 1946 has been identified as RAYMOND A. LOPEZ.

TRANSLATION FROM RUSSIAN

"KOMMUNIST," No. 12, August, 1960

A BLOW TO THE AGGRESSIVE POLICY OF IMPERIALISM, pages 3-5

The entire world has been impressed by the unprecedented scientific exploits of the Soviet people. The victorious progress of Soviet science and technology was marked by the launching of the first artificial sputnik of the earth, and was crowned with its newest triumph. For the first time in history, a powerful space ship carrying living beings has landed at an exactly predesignated point under directions from the earth. Thus, a new stage in conquering the forces of nature has been opened, and the practical possibility of man's flight into interplanetary space is being created.

The magnificent achievement of the Soviet people has received universal recognition. The English newspaper, "Sunday Times," writes: "The exploit of the Russian people means that they can send the first man into space and successfully bring him back to earth as soon as they wish. This can happen almost any moment now. The entire world, sincerely admiring this staggering achievement, is astounded at the possibilities which are being opened for it."

Peoples are being convinced once more of the power of the Soviet Union which moves ahead toward communism; people are being convinced of the unquestionable advantages of the socialist system which opens the broadest opportunities for creative work on behalf of the world and humanity.

The reactionary role of American imperialism, which strives to apply the greatest discoveries of man's

All people on earth should see and understand that the espionage flight of POWERS is not an accidental aggressive action. This is one of many manifestations of the aggressive and adventurous foreign policy of imperialism, and especially of the American policy. "The cold war," the race for armaments, the creating of military blocs and the placing of military bases on foreign territories, the sabotage of the talks on the most important international problems, and the declaration that espionage flights, like POWERS' flight, are the calculated policy of the United States are the direct ways to a war catastrophe. A great danger for the cause of peace is also hidden in the internal political atmosphere of the imperialistic countries; it reflects the aggressive foreign policy of these countries. One must imagine how far the degradation of human personality and corruption of the soul of the young generation have progressed, how deep are the roots of the cult of gains and of the military psychosis, in order to understand who are the air-pilots who are able to "turn on and to turn off the levers" without thinking.

Social and political significance of the court trial of POWERS is a factor that helped to reveal the black forces of the reaction and of the imperialistic aggression.

It is this conclusion that was made by the progressive peoples of the world from the court trial of POWERS. They evaluated the sentence of the court as a warning to those who are fond of provocation and military adventures; the humanitarianism of the Soviet court was justly evaluated by them. The hypocritical statements of the leaders of the USA call forth nothing but contempt. The people, who put into the electric chair Mr. and Mrs. JULIUS ROSENBERG upon a deliberately false accusation in espionage, are complaining about "the severe" sentence of the most dangerous criminal whose guilt is obvious! Moreover, according to EISENHOWER and NIXON, the espionage flight of POWERS was almost a peaceful action which was undertaken in the interests of the self-defense of the USA,

It is noted that during the trial of JULIUS and ETHEL ROSENBERG and MORTON SOBELL on charges of conspiracy to commit espionage, which trial was held in the Southern District of New York in March of 1951, ADOMIAN testified as a government witness. During the course of the trial it became necessary to identify a photograph of ANATOLI ANTONOVICH YAKOVLEV, who was the superior of HARRY GOLD in GOLD'S espionage work. ADOMIAN identified this photograph of YAKOVLEV as being a man that he had known to be ANATOLI ANTONOVICH YAKOVLEV, Soviet Vice Consul of the Soviet Consulate, New York City. ADOMIAN was not cross-examined. (u)

II. DIRECT ALLEGATIONS OF ESPIONAGE BY FEDOSIMOV DURING THE PERIOD OF THIS REPORT

HARRY GOLD, who has confessed to having engaged in Soviet espionage, advised on October 18, 1950, that on the evening of December 26, 1946, he received a telephone call at his place of employment from "JOHN" (identified by GOLD as ANATOLE A. YAKOVLEV), the Soviet agent with whom he had steadily engaged in espionage on atomic energy from March, 1944, to late January or early February, 1946. "JOHN" told him to go to the rendezvous at the Earle Theatre in New York City at the designated time that evening. GOLD went to the Earle Theatre well in advance of the designated time.

At one minute before 8 p.m., he went to the upstairs lounge of the theatre, where he was accosted by a man whom GOLD positively identified from a photograph as being PAVEL IVANOVICH FEDOSIMOV. Upon noticing GOLD's astonishment at not meeting YAKOVLEV, FEDOSIMOV said, "I am PAUL", pronouncing it as though it was POWL. FEDOSIMOV then produced an irregularly torn piece of paper, which was actually part of a letterhead from an invoice of the Arthur H. Thomas Company, a Philadelphia laboratory supply house. On the back of this paper was written in GOLD's handwriting, "aul Street." GOLD had the matching piece which had on it the words, "Direction to Paul Street." GOLD immediately recognized this as a means of verifying an alternate Soviet agent, which had been agreed upon by YAKOVLEV and GOLD in

August, 1945. FEDOSIMOV immediately said, "You have papers from the doctor? The word "doctor" was the code name used by YAKOVLEV and GOLD for DR. KLAUS FUCHS. GOLD replied in the negative and a savage look of disappointment came over the features of FEDOSIMOV, who then instructed GOLD in halting English to proceed to the South West corner of 34th Street and Eighth Avenue, but "outside the bar", where GOLD was to meet YAKOVLEV in an hour.

GOLD stated that the whole meeting with FEDOSIMOV took not more than a minute and probably less. It was the only contact he had with FEDOSIMOV. GOLD stated that he did meet YAKOVLEV as indicated later on in the evening of December 26, 1946.

Cite New Deal's Inaction on Spies

By HOWARD RUSHMORE

Although warned repeatedly by the FBI that Russia was using its embassy and consulate offices in this country as espionage centers, the New Deal took no action against Stalin's diplomatic agents for seven years.

This was again emphasized by a Federal grand jury which, in an indictment, has charged Anatolia H. Yakovlev, Soviet vice consul here in 1944-45 with espionage conspiracy.

The jurors also indicated that Yakovlev had received top secret atomic data through his spies and couriers.

Recent indictments reveal that Russia cloaked its spying with diplomatic immunity and used such alleged American conspirators as Julius and Ethel Rosenberg as willing subordinates.

The Rosenbergs, who live at 16 Monroe st., were indicted along with Yakovlev on espionage conspiracy charges yesterday.

As early as 1944 the FBI informed both the White House and the State Department that Pavel Mikhailov, Soviet consul here, and Yakovlev's superior, was head of a spy ring more dangerous than the recently uncovered network headed by Klaus Fuchs.

Although Mikhailov was seen by the FBI receiving atomic data in 1944, no action was taken against him. Mikhailov and Yakovlev were permitted to leave the United States two years later despite White House knowledge of their activities.

Mikhailov headed a spy network, whose chief agent was Arthur Adams, exposed by the N. Y. Journal-American in December 1945.

Adams, far more important in the Russian spy network than Fuchs, the Rosenbergs, or Harry Gold, was permitted to escape and return to Moscow.

In a voluminous report on Soviet espionage, the FBI in November, 1945, named 17 Soviet diplomatic officials and trade representatives as heads of a network of spy groups operating in this country from coast to coast.

The Rosenbergs will be arraigned Aug. 23 here.

SUBJECT: SUGGESTIONS FOR RESEARCH TO BE
DONE BY CENTRAL RESEARCH UNIT

ReBulet June 30, 1954, captioned as above

DATE 7-19-83 BY 1698 REP/JS

The Boston Office has the following observation to make in connection with the possible research studies by the Central Research Unit:

Security investigative effort in Boston during the past three years appears to indicate that the JULIUS and ETHEL ROSENBERG case has been the most effective mass organization activity of the Communist Party in recent years. It appeared to involve more non-Communists, realizing greater amounts of money for the Communist Party cause and the source of more Communist Party front literature than any other single undertaking by the Communist Party during recent years. It is believed that the JULIUS and ETHEL ROSENBERG case is an example of effective application of the Communist Party's united front tactic.

It is believed, further, that utilizing the JULIUS and ETHEL ROSENBERG case as exploited by the Communist Party would be excellent case study for the Research Unit to study in its various ramifications. A thorough going analysis of the genesis, development, expansion, climax and deactivation of this Communist Party front activity could prove to be of value to Special Agents in the Field of Security investigation if the Research Unit upon completion of such a study were to set forth generalizations or principles derived from this study which could be applicable to all Communist Party front organizations. Should the Central Research Unit consider this suggestion favorably, it is further recommended that it consider answering these questions which readily come to mind with respect to Communist Party front effort surrounding the ROSENBERGs:

1. Why did not Communist Party appeals and those of its dupes on behalf of the ROSENBERGs take place during their trial instead of months after its conclusion? In other words, from what source did instructions emanate to start appeals on behalf of the ROSENBERGs and what was the significance of the denying of these appeals?

2. What were the underlying objectives of this effort on behalf of the ROSENBERGs from the Communist Party point of view as contrasted with the alleged objective of being interested in saving the lives of JULIUS and ETHEL ROSENBERG?
3. What particular appeal, if any, did this case have that involved such large numbers of non-Communist vocal well-wishers. It is noted that the warden at Sing Sing Prison pointed out that there were several others in the Death House at Sing Sing at the same time that the ROSENBERGs were there, and no voice was raised on their behalf. Consequently, it would appear at superficial glance, that the argument that those who opposed the execution of the ROSENBERGs, who were not Communists, did so solely on the basis of being opposed to capital punishment is shallow.
4. How was the ROSENBERG appeal able to gather such tremendous momentum in the space of a few months? Is this a true indication of the effectiveness of Communist Party organizational techniques?
5. To the extent that the ROSENBERG appeal movement prospered, is typical of what the Communist Party is capable of accomplishing on any given subject.

The Bureau is respectfully requested to advise the Boston Office of its reaction to the foregoing suggestion.

Reference is made to your memorandum to the Bureau captioned as above dated August 6, 1954.

This is to advise you that the monograph that you suggested be written in connection with the Rosenbergs has already been completed. It was sent to all field offices by SAC Letter dated August 10, 1954, and captioned "The Rosenberg Case: A Study in Communist Propaganda."

You made some excellent suggestions in connection with the study of this matter and it is hoped that you will find them handled adequately in the monograph just completed. It is of some interest to observe that your ideas coincided in the main with the ideas utilized here at the Bureau in the preparation of this study.

The Bureau is in agreement with you as to the importance of this subject from the Communist propaganda viewpoint. Your thoughts in this matter are appreciated and should you have any other suggestions concerning research which would benefit the Bureau, please so advise us by memorandum and mark it to the attention of the Central Research Unit.
